Red Cross Bloodmobile Due At Methodist Church Tuesday

The Red Cross Bloodmobile makes its fourth 1960 appearance here tomorrow amid reports of an emergency blood shortage in Central Ohio.

Saturday the local Red Cross Chapter was asked by the Regional blood center to recruit donors locally for all but extreme emergency cases, since the Columbus blood center is critically short.

Nearly 2 Dozen Persons Die In Ohio Weekend Accidents

By THE ASSOCIATED PRESS

Another 23 or more accidental deaths were added to Ohio's bulging book the past weekend, 15 of them in traffic.

There were four reported drownings and two deaths in a Cuyahoga County house fire. Two other fatalities listed as miscellaneous rather than traffic nonetheless involved vehicles—a bicyclist that a Youngstown woman fell off, suffering a fractured skull, and an automobile that slipped off a bumper jack and crushed the Cleveland man who was repairing it.

Two motorcycle riders in one mishap, a pedestrian and a driver whose truck collided with a train were among the traffic victims. The rest were occupants of autos, including two killed in a Lucas County crash.

Hayes Thompson, 24, Cleveland, when his car collided with two other autos on U.S. 42 a mile south of Cardington (Morrow County).

John Buttler, 35, Cleveland, drowned when he fell off a wall while fishing near the Mentor Lagoon Yacht Club in Painesville.

Mrs. Hattie Washington, about 38, and Anderson Ellis, 84, both of Oakwood Village, in a fire at Mrs. Washington's home in that Cleveland suburb.

Thomas (Butch) Ulrich, 22, Warren, when his car hit a bridge abutment just south of that Stark County town.

Willard Kibler, 23, Avon, when his car crashed into a railroad bridge abutment there.

Red Cross Bloodmobile Due At Methodist Church Tuesday

The Red Cross Bloodmobile makes its fourth 1960 appearance here tomorrow amid reports of an emergency blood shortage in Central Ohio.

Saturday the local Red Cross Chapter was asked by the Regional blood center to recruit donors locally for all but extreme emergency cases, since the Columbus blood center is critically short.

Goal for tomorrow's visit is set at 200 pints, with 105 pints coming from business and industry, 65 pints from residential and organizations and 30 pints from the community.

The first two visits of the Bloodmobile here this year were successful in that the county quota was topped, however, the April visit was not quite so successful.

The Bloodmobile will be at the Methodist Church, from 11 a.m. to 5 p.m.

Local recruiters are asking full cooperation of Pickaway County citizens in reaching the goal for this visit. Prospective donors are asked to call a neighborhood recruiter or the Red Cross office for information on tomorrow's Bloodmobile visit.

Six Injured On Route 159

Three Autos Hit At Meade Corner

Six persons were injured in a three-car collision at Meade on Saturday.

Most seriously hurt was Robin Bowers, 3, daughter of Mr. and Mrs. Robert Bowers, Steubenville. She suffered a groin injury, was taken to Berger Hospital and later transferred to Children's Hospital, Columbus.

Deputy Sheriff Homer Adams reported that the Bowers' car was headed northeast on Route 159. Bowers said his car was hit by an auto driven by Clarence Nungester, 67, Meade, and was bumped into a third car, owned by Rnid F. Leeth, 45, Route 1.

Mrs. Leeth said she was parked at a store in Meade getting gas for her car when it was struck from the rear. Nungester reported he was headed southeast on the Hayesville - Adelphi Road, stopped for the stop sign at Route 159, then pulled onto the highway. He said he either hit or was hit by the Bowers car, which he didn't see.

Mrs. Bowers, 26, suffered a scalp cut and possible skull fracture. She was admitted to Berger Hospital, where her condition is reported as satisfactory. Bowers suffered a cut on the left arm, bruised ribs and shock. He was treated and released.

IN ANOTHER accident at 6 p.m. yesterday, a 5-year-old Columbus boy suffered a bruised forehead. The collision was 7 of a mile west of Darbyville - Columbus Road on Route 762.

A truck driven by Arthur Miller, Columbus, and carrying his wife and five children was involved in a mishap with a car driven by W. E. Miller, 44, Route 3, Mt. Sterling.

Deputy Sheriff Dwight Radcliff reported that Eden lost control of his auto and hit the Miller truck. Rodney Miller, 5, suffered a forearm bruise.

HST Says Big Cities Backing Wrong Dem

NEW YORK (AP) — Former President Harry S. Truman says the nation's big-city press is trying to nominate the Democrats' weakest candidate for the presidency.

He made the statement on a television show Sunday but didn't say which candidate he had in mind. His own favorite is fellow Missourian Sen. Stuart Symington.

A student moderator asked Truman on ABC-TV's "College News Conference": "Do you mean that the metropolitan press is making an effort to nominate the Democrats' weakest candidate?"

"That's exactly what they're up to," said Truman.

When moderator Ruth Hagy asked, "Whom do you have in mind?" Truman didn't answer, but the student put in: "Sen. Kennedy."

Sunday's show was taped here Saturday. At the time it was broadcast, Truman was in East Lansing, Mich., for a commencement address at Michigan State University.

Truman departed from a prepared speech ghere to urge prayers for the safe return of President Eisenhower from his Far Eastern trip.

"I may not agree with him politically," said Truman, "and I reserve the right to say whether he is doing his work well or badly. But I hope every one of you will pray for his safe return from his trip because if he thinks it is necessary it must be."

Even after the 50-star flag becomes official, most agencies of the federal government will continue to display 48-star and 49-star flags so long as they remain in good condition and until present supplies of unused flags are exhausted.

Hayes Thompson, 24, Cleveland, when his car collided with two other autos on U.S. 42 a mile south of Cardington (Morrow County).

John Buttler, 35, Cleveland, drowned when he fell off a wall while fishing near the Mentor Lagoons Yacht Club in Painesville.

Both clearly stated their positions Sunday as noncandidates. But that did not eliminate them as possibilities. Neither said he would refuse a draft.

Stevenson's position emerged as a result of a public dialogue with Eleanor Roosevelt, who has called for a Democratic ticket of Stevenson for president and Sen. John F.

Medics Set For Health Aid Debate

MIAMI BEACH, Fla. (AP) — The world's largest gathering of medical men opens today with national health insurance for the aged certain to be a leading topic.

It's the 109th annual convention of the American Medical Assn., with some 14,000 physicians attending the five-day meeting.

The 209-member House of Delegates, AMA policy-making body, will meet throughout the week. It will select the recipient of the distinguished service award today, naming a physician who has made an outstanding contribution to medicine.

Dr. E. Vincent Askey of Los Angeles will be installed as president Tuesday.

Three speakers expressed divergent views on health insurance for the aged at the conference of presidents and officers of state medical associations Sunday.

Paul Butler, Democratic party chairman, told doctors they are dragging their feet on health reforms and said they had a "curious" attitude toward his party's health proposals.

"If socialized medicine should come to our country, it may well be that the medical profession itself have brought it about," Butler declared.

Thrusdon B. Morton, Republican national chairman, said his party probably will propose a "voluntary program to be worked out in conjunction with the states."

Gov. Ross Barnett of Mississippi told the doctors every state should take care of its own.

Ike Wings toward Orient Despite Turmoil in Japan

\$790½ Million Chopped Off Foreign Aid Bill

House Committee Cuts Military Fund By \$400 Million

WASHINGTON (AP) — The House Appropriations Committee today cut 790½ million dollars from President Eisenhower's original foreign aid requests, including 400 million from military assistance.

If the action is sustained by the Senate later this week, the aid program would get \$3,384,500,000 of the \$4,175,000,000 Eisenhower requested for the fiscal year starting July 1. In addition, it would have available an estimated 400 million in previous funds which have not been obligated in spending.

Japanese security officials went ahead with plans to mobilize 25,000 police to protect Eisenhower should mob action develop when he arrives June 19.

A Tokyo police official expressed confidence the force would be able to cope with any mob action, but added: "No amount of security can guarantee there will be no incident from an individual terrorist."

Police announced unprecedented security measures.

The car that will carry Eisenhower and Emperor Hirohito on the 11-mile trip from the airport to the palace will be accompanied by 13 trucks loaded with 600 policemen, 52 motorcycle police plus 6 sidecar motorcycles, 4 police cars and patrol cars.

Foot police will be spread all along the route, with orders to take strong action against any attempt at interference. Mobile units also will patrol along the route, and guard dogs will be increased at the U.S. Embassy.

A dress rehearsal of the security measures was held Sunday.

Police sources said the Communist party had seized control of the campaign against the Eisenhower visit and the U.S.-Japan Mutual Security Treaty.

This was reported to have upset the leadership of the Socialist party, which was already concerned over mounting public favor with the anti-Eisenhower agitation.

The Socialists, leaders of the parliamentary opposition to the security treaty and Prime Minister Nobusuke Kishi, were reportedly now undecided what course to follow during Eisenhower's visit.

Both clearly stated their positions Sunday as noncandidates. But that did not eliminate them as possibilities. Neither said he would refuse a draft.

Stevenson's position emerged as a result of a public dialogue with Eleanor Roosevelt, who has called for a Democratic ticket of Stevenson for president and Sen. John F.

Hard Core Japanese Reds May Show Anti-Ike Violence

IKE WAVES FAREWELL AS TOUR BEGINS — Vice President Richard Nixon (right) waves to President Eisenhower on ramp of plane as he boards jet for take-off to Alaska and the Far East. Just before taking off, the President said he had a "compelling responsibility" to go through with the Japanese visit even though there had been "public warnings" against the trip at this time.

Non-Candidates Adlai, Rocky Hold Spotlight in Politics

By THE ASSOCIATED PRESS

The political spotlight continued to focus today on two men who insist they are not candidates for the presidential nomination.

The men are Adlai Stevenson, the Democratic nominee in 1952 and 1956, and Nelson A. Rockefeller, the Republican governor of New York.

Both clearly stated their positions Sunday as noncandidates. But that did not eliminate them as possibilities. Neither said he would refuse a draft.

Stevenson's position emerged as a result of a public dialogue with Eleanor Roosevelt, who has called for a Democratic ticket of Stevenson for president and Sen. John F.

July Draft Call Issued for 592 Men from Ohio

COLUMBUS, Ohio (AP) — The Ohio Selective Service headquarters today issued a July induction call for 592 men.

The July 1960 call is 37 fewer than for the same period a year ago, and 49 more than June of this year.

The call by counties, includes: Clinton 8, Fayette 1, Clark 7, Hocking 2, Athens 4, Fairfield 5, Pickaway 1, Ross 4.

Van Wert 1, Allen 5, Mercer 1, Putnam 4.

Very Angry Man Killed in Crash

CLEVELAND (AP) — A man killed in an automobile-truck collision to day was speeding to Lake Erie to throw his wife into the water because he was angry with her, the woman told police.

Howard Harding, 30, died of head and chest injuries in Mount Sinai Hospital. His car hit a semi-trailer truck.

Harding's wife, Norma, 27, who was injured slightly, told police her husband had been drinking beer and lost his temper because she came home late from her work as a waitress. She said he made her go with him in the car which he drove east on St. Clair Avenue at about 50 miles an hour, with the horn blowing constantly. She said he had crashed several traffic lights, including the one at the intersection where the accident occurred.

Speaking on television programs sent to Florida and New York, Johnson said the United States should launch a world peace program.

Another Democratic candidate, Sen. Stuart Symington of Missouri, made a personal bid for support from the Florida delegation to the Democratic National Convention.

He told the delegates in Orlando that the nation's No. 1 problem was "security with solvency" and he was best qualified to handle it.

The delegates, pledged to vote

Jet Transport Now Heading For Philippines

U.S. President Due To Spend Weekend In Tokyo Area

ANCHORAGE, Alaska (AP) — President Eisenhower took off today for a three-day visit to the Philippines—still determined to go on this weekend to riot-plagued Japan.

The President, pleased by a warm reception in Alaska, left Elmendorf Air Force Base aboard his jet airliner. He scheduled a refueling stop at Wake Island 7½ hours later and arrival at Clark Field near Manila at about 3:45 p.m. Philippine Time—2:45 a.m. EST Tuesday.

Prospects were for a rousing welcome for Eisenhower in Manila, where he was stationed as an Army officer in 1935-39.

But there was a risk of danger—the possibility of physical harm to the 69-year-old President—on his scheduled arrival in Tokyo.

In the Japanese capital left-wing mobs, now perhaps controlled by Communists, still are intent on trying to prevent or wreck the projected Eisenhower visit.

The President arrived in sunny Anchorage, biggest city in the new 49th state, Sunday morning after a 3,700-mile nonstop flight from Washington.

He said he had rejected advice that he abandon or postpone his visit to Tokyo.

He is going ahead, he said, because the visit "represents an important phase of a program whose paramount objective was, and is, to improve the climate of international understanding."

Alluding then to the hate-propaganda campaign in Tokyo, the President added: "We should not permit unpleasant incidents and sporadic turmoil, inspired by mislaid or hostile agents, to dim for us the concrete and gratifying re-

Berger Treats Nine Persons

Nine persons were treated and released in Berger Hospital during the weekend.

Gary Shirey, 14, Williamsport, stepped on a rusty nail at his home Saturday. He received a puncture wound on the bottom of his left foot.

Richard Stevens, 6, son of Mr. and Mrs. George Stevens, Tarlton, fell off a bicycle at a neighbor's house Saturday. He received a one-inch laceration on his upper lip.

Michael Dunn, 14, of 537 E. Main St., fell off a fence at his home Saturday. He sprained his right ankle.

Phyllis Regal, 25, Route 3, was treated Saturday for poison ivy on her forearms, neck and upper legs.

Carl Knab, 43, Chillicothe, hurt his right hand at work Saturday at DuPont. He received a laceration on the top of his right hand.

Patricia Starkey, 7, daughter of Mr. and Mrs. Walter Starkey, 477 Stella Ave., fell at a neighbor's house Sunday. She received possible fracture of her left wrist.

Richard Lee Woods, Jr., 5, Chillicothe, ran a thorn in the bottom of his foot Sunday.

Tina Marie Scott, 15-month-old daughter of Mr. and Mrs. William Scott, 212 W. High St., was treated Sunday for eating pain pills at her home.

Robbie Johnson, 5, son of Mr. and Mrs. Cecil Johnson, Ashville, stepped on a piece of a broken bottle at his home Sunday. He received a deep laceration on his left foot.

Domenico Scarlatti, Italian opera composer (1685-1757), pioneered in sonata form.

Deaths and Funerals

DWIGHT ZELLER

Dr. Dwight Zeller, 45, of 410 E. Main St., formerly of Pittsburgh, Pa., died Friday in Veterans Hospital, Dayton.

He was a captain in the Armed Forces in World War II, a lieutenant colonel in the Army Reserves and was public relations man for Erwin, Masey, Ruthrus, and Ryan, Inc., of Pittsburgh.

He is survived by a cousin, Miss Dorothy Smedley, 4, Main St., and three uncles.

Military services will be held in Pittsburgh, Pa.

Burial services will be held in Groton, S. D.

MRS RUTH M. B. CARTER

Mrs. Ruth May Binkley Carter, 68, of 411 E. Union St., died at 2:30 a. m. today in Berger Hospital.

Carl Knab, 43, Chillicothe, hurt his right hand at work Saturday at DuPont. He received a laceration on the top of his right hand.

Patricia Starkey, 7, daughter of Mr. and Mrs. Walter Starkey, 477 Stella Ave., fell at a neighbor's house Sunday. She received possible fracture of her left wrist.

Richard Lee Woods, Jr., 5, Chillicothe, ran a thorn in the bottom of his foot Sunday.

Tina Marie Scott, 15-month-old daughter of Mr. and Mrs. William Scott, 212 W. High St., was treated Sunday for eating pain pills at her home.

Robbie Johnson, 5, son of Mr. and Mrs. Cecil Johnson, Ashville, stepped on a piece of a broken bottle at his home Sunday. He received a deep laceration on his left foot.

Domenico Scarlatti, Italian opera composer (1685-1757), pioneered in sonata form.

sluts. They have been to the great good of the entire world."

At Anchorage Eisenhower was met by his press secretary, James C. Hagerty, who last week was besieged by a screaming Tokyo mob from which he narrowly escaped.

"Hello, Jim," the President chuckled as he shook hands.

The press secretary still declined to make public the details of the scheduled June 19-22 Eisenhower stay in Tokyo. Again he was satisfied to say whether he was satisfied that Prime Minister Nobusuke Kishi can make good his "guarantee" of Eisenhower's personal safety in the Japanese capital.

At a news conference, Hagerty predicted only slight changes in original plans for the visit. He said he knew of no intention to eliminate a 15-mile motorcycle from Emperor Hirohito's downtown residence Sunday.

Hagerty added there had been no United States request that Japanese authorities supplement their police force with army units.

He said in response to a question that he believes it "a well proven fact" the the demonstrations in Japan are led by the Communists.

Reports from Tokyo were that security plans are being beefed up and call now for deployment of 25,000 police—10,000 more than originally planned.

After three days in the Philippines the President will sail aboard the cruiser St. Paul from Manila Bay to Formosa for a visit there before going on to Tokyo by way of Okinawa. His 23,000-mile tour also will take him to Korea and America's newest state, Hawaii.

Burial will be in Reber Hill Cemetery.

Friends may call at the funeral home after noon today.

ALBERT E. BAKER

Albert E. Baker, 50, of 146 Fairview Ave., died Friday in Savannah, Ga.

He was born in Pittsburgh, Pa., April 26, 1910, son of James H. Baker and Renna Arthur Brenner Baker.

Mr. Baker is survived by his wife, Selma Louise Cupp Baker; three sons, Kenneth, Savannah, Ga.; Paul, Circleville and Walter, Circleville; two daughters, Miss Sally, Circleville, and Mrs. Barbara Swender, Circleville; five grandchildren; half-brother, Arthur Knoepf, Columbus; two sisters, Mrs. Annabelle Stickland, St. Petersburg, Fla., and Mrs. Dorothy Howell, Willoughby.

Services will be at 1 p. m. Tuesday in the Defenbaugh Funeral Home with the Rev. Henry Mankley officiating.

Burial will be in Reber Hill Cemetery.

Friends may call at the funeral home after noon today.

MUNY COURT

Collects

\$5,738.85

The Circleville Municipal Court collected a total of \$5,738.85 in fines, costs, bond forfeitures and parking ticket violations during May, it was announced today by court officials.

Fines totaled \$4,221.90, plus costs of \$1,367.70 and parking ticket violations of \$140.25, for the \$5,738.85 total.

Circleville will receive \$1,341.70 from court costs collected from all types of criminal cases; \$1,231.23 from 45 per cent of Highway Patrol fines and bond forfeitures, and the entire parking ticket violations for a total of \$2,713.18.

Circleville will receive \$1,341.70 from court costs collected from all types of criminal cases; \$1,231.23 from 45 per cent of Highway Patrol fines and bond forfeitures, and the entire parking ticket violations for a total of \$2,713.18.

Circleville will receive \$319 in receipts from uniform traffic fines and bond forfeitures; \$273.61 from 10 per cent of State Patrol fines, and \$35 in Sheriff's Department fees, for a total of \$627.61.

The County Law Library Assn. will receive \$1,141.85 from receipts of regular State statute fines and bond forfeitures and \$25 from fines collected under city ordinance cases, for a total of \$1,166.85.

There were 159 criminal cases filed last month with 143 cases disposed of during May. Eighteen cases resulted in fines and costs being suspended for a total of \$690.

Fifteen civil cases were filed in May with seven being concluded. Two marriages were performed for \$6. Costs due city from civil cases amount to \$106.35.

AMPHIBIOUS MANEUVERS SLOATED IN SOUTH KOREA

SEOUL, Korea (AP)—Amphibious maneuvers start Tuesday for 17,000 U.S. and South Korean sailors and Marines. A U.S. 7th Fleet spokesman said Exercise Sea Hawk will take place from June 14-19 on beaches near Pohang, 80 miles north of Pusan. Sixty-two ships, 32 of them Korean, will take part.

Father Goode, a Circleville High School graduate, is the son of Mrs. William J. Goode Sr. and the late William Goode.

He is chaplain of the Convent of Good Shepherd and the Rosemont School, both in Columbus.

MASTER JENKINS

million in the authorization, and the committee pared it to 600 million.

2. Technical Cooperation, a program designed to develop economic resources and productive capacities of underdeveloped areas. The President wanted 172 million dollars, which Congress authorized. The committee cut it to 150 million.

3. United Nations program for technical help: The committee approved the entire 33 million dollars requested.

4. Special assistance program: The President requested 268½ million dollars. Congress limited this to 256 million and the committee cut it to 200 million.

5. President's special emergency fund (to meet unforeseen contingencies). The President asked for 175 million dollars. Congress authorized only 150 million and the committee approved that figure.

6. Development loan fund: The President asked for 700 million dollars. The committee cut this to 550 million, the amount authorized by Congress.

Plans Visit To Ireland

Miss Mary Jo Bowers daughter of Mr. and Mrs. Stanley J. Bowers, Ashville, will leave June 19 for a trip to Ireland as part of the Experiment in International Living.

Miss Bowers is a student at Ohio State University. She leaves from Bradley Field, Conn.

The Experiment in International Living is an independent, non-profit, educational travel organization which helps to promote international understanding by a person-to-person approach.

Since its founding in 1932 by Donald B. Watt, The Experiment has proved time and again that the individual person can play an important part in creating mutual understanding and respect among the peoples of the world.

The Experiment approach is simple, yet unique. It is based on the importance of the family and home as educational units in almost every culture.

During the past 28 years, The Experiment has sent more than 12,000 young Americans abroad to learn how peoples of other countries think, act, and live.

This year, some 1,200 will travel to 28 countries on five continents. Each of these Experimenters will live for a month as a member of a foreign family, and will spend another month traveling about the country visited.

Experimenters travel in groups of about 10, under the guidance of mature leaders specially selected and trained by The Experiment. Group members must meet strict standards before they are admitted to the program.

Every effort is made to assure that Experimenters are worthy representatives of the United States, with the ability to benefit substantially from participation in the program and to contribute to the total group experience.

Sharing of group experience is an important part of the total program. Members receive special group training and orientation on and culture of the country they will visit.

DURING THE homestay period, they meet occasionally to compare notes on their experiences and to take part in community events. After the homestay, they travel as a group, often in the company of young members of their host families.

The program is always carefully planned; but even so, the emphasis on people rather than things is so great that Experimenters are always advised to "expect the unexpected."

Toward the end of the program, Experimenters enjoy a visit to a major city such as Paris or London and an opportunity (for those who qualify) for a few days of independent travel.

The Experiment administrators four basic programs: Outbound (U. S. to other countries); Incoming (other countries to the U. S.);

The Experiment Ambassador Program (through which communities raise funds and select outstanding young people to go abroad with The Experiment as community representatives) and various co-operative programs with academic organizations.

During 1960 the Experiment program will extend into 28 countries, including all the major nations of Western Europe, a number of Latin American nations, India, and the Eastern European nations of Poland, Yugoslavia, and the U.S.S.R. For the first time in 1948, an Experiment group will visit Czechoslovakia.

DURING THE coming year, nearly 1,200 young people from some 40 countries will visit the United States from homestay and travel programs. Most of the incoming Experiment groups will also spend two weeks on a college campus and conclude the summer

Mrs. Minerva Frazier, of Adelphi, spent Monday afternoon visiting Miss Mary L. Harpster.

Mrs. F. B. Bowery has been in Lima for several days with her son-in-law and daughter, Mr. and Mrs. Brown Pettit, and son Mike.

Mrs. Ora Sims Clay, of Columbus, spent from Saturday until Tuesday of last week visiting Mrs. Oda Anderson and brother, Henry Sharp.

Mrs. Henry Sharp returned Wednesday evening after an extended visit with her sister, Miss Ann Adams and a nephew, Michael Adams in Washington D. C.

Mrs. E. W. Hatcher entered Chillicothe Hospital Monday for medical care and possible surgery.

Guests of Miss Mary L. Harpster on Tuesday afternoon were Mrs. Leona Valentine and Mrs. Myrtle Leist of Circleville, and Mrs. Ruth

Defense Fund Is Enlarged Even More

WASHINGTON (AP)—The Senate Appropriations Committee has voted to speed development of a spy-in-the-sky military satellite and provide additional modern weapons for the Army's combat troops.

The actions came at a closed-door session of the committee as it tacked another 218½ million dollars on the big annual defense money bill.

Sen. Dennis Chavez (D-N.M.) said this pushed the total to \$40,384,897,000.

This is over a billion dollars above President Eisenhower's original budget request and about the same as the amount previously approved by the House.

Chavez said he hopes the Senate will act on the bill this week.

Sen. Warren G. Magnuson (D-Wash.) reported earlier that the committee put back into the bill \$24 million for the Bomarc missile program which the House cut out.

Chavez said that \$83,800,000 was added for rushing development of the military satellite Samos, one of this year's High School graduates of Chillicothe. For several years the family lived in Kingston, where Gregg attended elementary school, so is well known in this community.

Almost immediately following graduation, he will enter the Navy, reporting first at Philadelphia.

Mr. Robert Shoemaker, son of Mrs. Dorothy Shoemaker and the late Summerfield Shoemaker, went to Fort Knox, Kentucky last week to begin his Army training.

Ohio will be allowed \$33,367,000 for the "ABC program" compared with \$33,473,000 for the period now ending. This is for primary, secondary and urban roads on which the federal government pays 50 per cent of the cost. On the interstate program, the federal government pays 90 per cent.

Preston said Friday, however, that Ohio will get around the shortage by programming and letting contracts for only 130 million dollars worth of work. Ohio will be repaid later but it probably will take three years instead of coming in 1961-62.

Of the \$154,588,000 for the state, \$121,221,000 is for Ohio's share of the 41,000-mile interstate highway program.

Other pastoral changes, by districts, follow:

Chillicothe District

Ashville, William M. Carter; Bainbridge, Eugene L. Winans from Alger; Bartlett, Wesley Thatcher; Carbondale-Carbon Hill, Ray Bookman; Commercial Point, Carl Wetherell from Haydenville; Coolville, Kenneth Weaver; Gibsonville, Delbert Ash; Gloucester, John L. Mary J. Bowers Plans Visit To Ireland

Miss Mary Jo Bowers daughter of Mr. and Mrs. Stanley J. Bowers, Ashville, will leave June 19 for a trip to Ireland as part of the Experiment in International Living.

Miss Bowers is a student at Ohio State University. She leaves from Bradley Field, Conn.

The Experiment in International Living is an independent, non-profit, educational travel organization which helps to promote international understanding by a person-to-person approach.

Since its founding in 1932 by Donald B. Watt, The Experiment has proved time and again that the individual person can play an important part in creating mutual understanding and respect among the peoples of the world.

The Experiment approach is simple, yet unique. It is based on the importance of the family and home as educational units in almost every culture.

During the past 28 years, The Experiment has sent more than 12,000 young Americans abroad to learn how peoples of other countries think, act, and live.

This year, some 1,200 will travel to 28 countries on five continents. Each of these Experimenters will live for a month as a member of a foreign family, and will spend another month traveling about the country visited.

Experimenters travel in groups of about 10, under the guidance of mature leaders specially selected and trained by The Experiment. Group members must meet strict standards before they are admitted to the program.

Every effort is made to assure that Experimenters are worthy representatives of the United States, with the ability to benefit substantially from participation in the program and to contribute to the total group experience.

Sharing of group experience is an important part of the total program. Members receive special group training and orientation on and culture of the country they will visit.

DURING THE homestay period, they meet occasionally to compare notes on their experiences and to take part in community events. After the homestay, they travel as a group, often in the company of young members of their host families.

The program is always carefully planned; but even so, the emphasis is on people rather than things is so great that Experimenters are always advised to 'expect the unexpected.'

Toward the end of the program, Experimenters enjoy a visit to a major city such as Paris or London and an opportunity (for those who qualify) for a few days of independent travel.

The Experiment administrators four basic programs: Outbound (U. S. to other countries); Incoming (other countries to the U. S.);

The Experiment Ambassador Program (through which communities raise funds and select outstanding young people to go abroad with The Experiment as community representatives) and various co-operative programs with academic organizations.

During 1960 the Experiment program will extend into 28 countries, including all the major nations of Western Europe, a number of Latin-American nations, India, and the Eastern European nations of Poland, Yugoslavia, and the U.S.S.R. For the first time since 1948, an Experiment group will visit Czechoslovakia.

DURING THE coming year, nearly 1,200 young people from some 40 countries will visit the United States from homestay and travel programs. Most of the incoming Experiment groups will also spend two weeks on a college campus and conclude the summer

Mrs. Minerva Frazier, of Adelphi, spent Monday afternoon visiting Miss Mary L. Harpster.

Mrs. F. B. Mowery has been in Lima for several days with her son-in-law and daughter, Mr. and Mrs. Brown Pettit, and son Mike.

Mrs. Ora Sims Clay, of Columbus, spent from Saturday until Tuesday last of week visiting Mrs. Odie Anderson and brother, Henry Sharp.

Mrs. Harry Sims was called to Portsmouth on Friday by the death of a great nephew, George Sprecher, son of Mr. and Mrs. George Sprecher. She was accompanied by her son, James Sims, and they attended the funeral on Sunday at the Scioto Methodist Church.

Mrs. Sprecher, who was 80 years old, died following an operation for malignant brain tumor at University Hospital on Wednesday.

Mrs. Charles Maxwell was hospitalized to Hospital Guild No. 13 on Wednesday evening assisted by Mrs. Glenn Steele. There were 11 members present and 2 visitors, Mrs. Clarence Lyons and Mrs. Glenn Cryder.

Mrs. Herbert Lemley, chairman, conducted the business meeting and appointed the following members as a nominating committee for new officers: Mrs. Tom Rainey and Mrs. Joyce Conaway.

Mrs. Steele received the door prize.

A dessert course was served to the guests.

Mrs. Tom Rose of Wauseon is spending this week with her father, Mr. Forest Kreisel.

Gregg Black, son of Mr. and Mrs. Warren Black of Chillicothe, is one of this year's High School graduates of Chillicothe. For several years the family lived in Kingman, where Gregg attended elementary school, so is well known in this community.

Almost immediately following graduation, he will enter the Navy, reporting first at Philadelphia.

Mr. Robert Shoemaker, son of Mrs. Dorothy Shoemaker and the late Summerfield Shoemaker, went to Fort Knox, Kentucky last week to begin his Army training.

Chavez said he hopes the Senate will act on the bill this week.

Sen. Warren G. Magnuson (D-Wash.) reported earlier that the committee put back into the bill \$24 million for the Bomarc missile program which the House cut out.

Chavez said that \$83,800,000 was added for rushing development of the military satellite Samos, which is designed to take detailed photographs of most parts of the earth and relay these back to ground stations.

Asked if the committee felt the satellite could replace the high-flying U2 planes, one of which recently was downed in Soviet Russia, Chavez said:

"I think it's better than the U2 as an intelligence method."

During World War II German submarines were refueling in hidden fjords (an arm of the sea with high rocky banks) in Greenland.

With a visit to a major city such as Washington or New York.

During the past 28 years of Experiment history, homestays have been arranged in American communities for 4,483 students and young professional people from foreign shores.

Gordon Boyce, former Assistant to the President of Colgate University, has been President of the United States Experiment since 1950.

173 Pastoral Appointments Made for Ohio Methodists

LAKESIDE, Ohio (AP) — The Ohio Conference of the Methodist Church announced 173 pastoral appointments Saturday night.

Bishop Hazen G. Werner also named four new district superintendents, received 21 pastors into conference membership and announced 17 retirements.

The Chillicothe, Columbus, Portsmouth and Springfield districts got new superintendents.

The Rev. Stanley Jeffery of South Park Church, Dayton, was named Chillicothe district superintendent, succeeding Dr. W. Carl Hickey of Lancaster, who is retiring.

The Rev. Louis R. Wolter moved from superintendent of the Springfield District to superintendent of the Columbus District where he succeeds Dr. Harold M. McDowell who becomes manager of Crestview, Methodist retirement home in Toledo.

The Rev. Lloyd Zoller of the First Church in Hamilton will replace the Rev. Mr. Wolter as Springfield superintendent. Portsmouth District's new superintendent is the Rev. Stanley McGilliard of Green St. Church in Piqua. He succeeds the Rev. Richard M. Bauer who was named executive director of the Committee on Christian Vocations of the Methodist Church at Nashville, Tenn.

Pastors retiring are the reverends Paul Baker, Worthington; Charles Eyr, Lucasville; Bertram B. Fleming, Springfield; Charles P. Grant, Columbus; Charles B. Harrison, Columbus; Chauncey E. Jeffers, Findlay; W. Newton Matthee, Springfield; Sidney A. Mayer, Columbus; Lester C. McCallish, Farmer; Roy C. Vandergriff, Greenfield; Clarence H. Wallick, Chattanooga; W. Scott Westerman, Bloomingdale; Clarence R. William, Jeffersonville; Clarence R. Spangler, Cincinnati; Joel M. Wareing, former Army chaplain from Washington, D. C.; and Dana T. Burns of Berea.

Other pastoral changes, by districts, follow:

fast; Sardina, Henry Van Deman;

Sinking Springs, Michael Graeber.

Keen Observer, Age 10, Wrecks Family Auto

ROCHESTER, N.Y. (AP) — When police ended the first solo flight of Ronald Malik, 10, in the family car, the first thing they wanted to know was where he learned to drive.

His father, Adam Malik, recalled that Ronald had always been a "keen observer" while riding with him.

Ronald took the car on a 60-mile trip while the neighborhood slept early Thursday.

En route home he failed to make a corner and bounced it off a

utility pole and into two parked cars. About \$1,400 damage in all.

Branch Bank Denied

COLUMBUS, Ohio (AP) — The application of the Russ State Bank for a new branch bank in Jackson has been denied, Supt. Raymond H. Willett of the State Division of Banks announced Friday.

Women of the Lotuka tribe in Africa's southern Sudan smoke pipes. Their men seldom touch tobacco.

Federal Agencies Too Strong?

Following frequent disclosure that members of federal regulating agencies are not sufficiently versed in the necessity of absolute integrity in the positions they hold, more congressional attention is being focused on various long-range plans to insure the public against regulation by friendship.

Almost without exception, the extremely powerful administrative agencies regulating giant industries, including communications, transportation, and commerce, have been dishonored in recent years by members who — through stupidity or neglect — permitted their position as referee to be compromised by unlawful interference in favor of a participant, in accepting expensive gifts or favors or otherwise performing their jobs in a manner different from the neutral stance expected of them.

It is not unreasonable for the public to expect its representatives on federal commissions to adjudicate the matters brought before them, and which frequently involve the very survival of sizable enterprises as well as the public welfare, in a manner which will pass the most thorough scrutiny.

Such conduct as has been brought to the front by the House Subcommittee on Legislative Oversight from time to time in its investigation of the regulatory agencies will not pass under even the flimsiest code of government morals.

It matters not who the man or how great his personal honesty, any administrator of a federal commission who accepts

America Grows More Malts

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

It is getting harder to look down on American women. In 1900 only 1 in 25 U.S. girls was 5 ft. 7. Now nearly one in five reach that height—or higher.

We're growing more malts too. The average soldier in the Revolutionary War was only 5 feet 4, compared with 5 feet 8½ for the present day GI. And 20 per cent of our young men now stand 6 feet.

How much do you give your kids to spend? A survey showed that the average allowance for teen-agers is \$10.21 a week. And only a third of them earn extra money.

Our quotable notables: "When a stupid man is doing something he

is ashamed of," said Bernard Shaw. "He always declares it is his duty."

It's getting so only showoffs carry money. Americans will write approximately 12 billion checks this year, nearly double the number of a decade ago.

Soviet Russia doesn't advertise its flaws but the current work week there is 44 hours—it's 40 in this country. And Russian consumers pay sales taxes ranging from 25 to more than 80 per cent depending on the product.

Housework is supposed to be getting easier and the strains and stresses of the business world more endurable. So why is it that twice as many women as men suffer high blood pressure?

A new thing: It is reported here that a Swiss manufacturer has

thought up a mechanical way to cut down on smoking—if you really want to. It is a gadget that, timed to your watch, will flush a cigarette from a container only on schedule.

Someone has sent a statistic saying the FBI has figured 15 doctors out of 1,000 will be robbed this year. It looks as if some people would rather take a physician's money than his medicine.

At this time of year many people have a spring or summer cold. They observe it is hard to get rid of and science doesn't know why. The temperature of the victims rises above the ordinary human level of 98.6 degrees. Birds have the highest known body temperatures, ordinarily ranging from 104 to 110 degrees.

Highway safety slogan: "Don't learn to drive by accident."

Editorial note: The Herald welcomes expressions of opinions from its readers on subjects of general interest through letters to the editor.

We insist that all letters must be signed with the name and address of the writer. However the name will not be used in publication of the letter if the writer requests. A pen

which picked you out of the mud and made something of a man of you. What did you do to him? In this country, we would say, you have doublecrossed him.

What did you do to your drinking partner, Bulgarin? Do you remember him? You were once his Number Two. Where is he today? Where is your former playmate, Malenkov? Where is Zhukov who put you in power?

Ah! Nikita! You are a smart boy. You can turn on a kopek. You can change your mind at a second's notice when things go wrong. That is how you outlasted everybody. It is truly wonderful how you outlasted all your comrades. The fools, they trusted you.

So, you do not like our President, Eisenhower. Did anybody ask you? We do not elect a President to please you. That is for Hungary, Czechoslovakia, East Germany and even Poland. You cannot vote in this country and your foul voice will not sway public opinion except to disgust everybody. You do not like Nixon because he made a monkey of you in your own country. You will not like Lyndon Johnson among the Democrats because he has a sense of honor and dignity.

Be that as it may, you act like a brute which is probably because you were not brought up to be a gentleman. You abuse. You shout. You use vulgar language. You act like a country bumpkin with a skinful of vodka. It is a pity because cunningly you rose to a high position in the world—a position for which you are neither by breeding nor training fit. After all, your experience has been that of an apparatnik, that is, a warden politician manoeuvring his way upward by trickery, fawning, cajolery.

You denounced Stalin to whom you owed everything. You bit the hand that fed you. Kaganov-

itch picked you out of the mud and made something of a man of you. What did you do to him? In this country, we would say, you have doublecrossed him.

It is getting harder to look down on American women. In 1900 only 1 in 25 U.S. girls was 5 ft. 7. Now nearly one in five reaches that height—or higher.

We're growing more malts, too. The average soldier in the Revolutionary War was only 5 feet 4, compared with 5 feet 8½ for the present day GI. And Russian consumers pay sales taxes ranging from 25 to more than 80 per cent depending on the product.

Housework is supposed to be getting easier and the strains and stresses of the business world more unendurable. So why is it that twice as many women as men suffer high blood pressure?

A new thing: It is reported here that a Swiss manufacturer has

thought up a mechanical way to cut down on smoking—if you really want to. It is a gadget timed to your watch, will flush a cigarette from a container only on schedule.

Someone has sent a statistic saying the FBI has figured 15 doctors out of 1,000 will be robbed this year. It looks as if some people would rather take a physician's money than his medicine.

At this time of year many people have a spring or summer cold. They observe it is hard to get rid of and science doesn't know why.

The temperature of the victims rises above the ordinary human level of 98.6 degrees. Birds have the highest known body temperatures, ordinarily ranging from 104 to 110 degrees.

Highway safety slogan: "Don't learn to drive by accident."

A Letter to Nikita

To Tovarish Chairman Khrushchev: It is a pity that you do not understand this country. It would save you from so many mistakes if you did. I have read somewhere that your dear wife is a specialist in American history. You might learn something from her.

Be that as it may, you act like a brute which is probably because you were not brought up to be a gentleman. You abuse. You vilify. You shout. You use vulgar language. You act like a country bumpkin with a skinful of vodka. It is a pity because cunningly you rose to a high position in the world—a position for which you are neither by breeding nor training fit. After all, your experience has been that of an apparatchik, that is, a ward politician manoeuvring his way upward by trickery, fawning, cajolery.

You denounced Stalin to whom you owed everything. You bit the hand that fed you. Kaganov-

ich picked you out of the mud and made something of a man of you. What did you do to him? In this country, we would say, you doublecrossed him.

What did you do to your drinking partner, Bulgarin? Do you remember him? You were once his Number Two. Where is he today? Where is your former playmate, Malenkov? Where is Zhukov who put you in power?

Ah! Nikita! You are a smart boy. You can turn on a kopek. You can change your mind at a second's notice when things go wrong. That is how you outlasted everybody. It is truly wonderful how you outlasted all your comrades. The fools, they trusted you.

So, you do not like our President Eisenhower. Did anybody ask you? We do not elect a President to please you. That is for Hungary, Czechoslovakia, East Germany and even Poland. You cannot vote in this country and your foul voice will not sway public opinion except to disgust everybody. You do not like Nixon because he made a monkey of you in your own country. You will not like Lyndon Johnson among the Democrats because he has a sense of honor and dignity.

So, do we care? Truly, Nikita, we do not give even one damn whether you like or do not like. In fact, if you continue to insult like the American people will quickly repeal the 22nd Amendment and elect him to a third term.

You like, you say, dead men like Washington, Lincoln and Franklin D. Roosevelt.

Listen, Nikita. Washington and Lincoln would have shown you the back of their hands and as for Franklin D. Roosevelt, your old Boss, Stalin, did him in at Yalta because Roosevelt was obviously dying. So was Harry Hopkins.

You listen to American Communists and to such old men as Cyrus Eaton, a Canadian who became an American citizen because he was making money here and who seems, in his last years, to regard himself as superior to the entire American government. Nobody takes him too seriously here.

There was an idiot by the name of Adolf Hitler who thought that he could interfere in the affairs of this country. You will remember that the whole American people turned on Hitler, including the 40,000,000 or so settled here. We were one people against Hitler and your big mouth and bad temper are forcing us to be as one man against you.

You know, Nikita, that every time I write that you are a Ukrainian, I receive letters from Americans of Ukrainian origin demanding to know why I insult

INDIAN IN RACE—Dr. Ben Reifel happily reads the good news in Aberdeen, S.D., after being nominated as a Republican candidate for Congress. Reifel, a Sioux Indian, quit his Indian Affairs job to make the race and became the first Indian ever nominated for national office in the state.

them by relating their motherland to you, whom they regard as a beast. It is a very bad reputation that you have.

Speak on! You are making Ike Eisenhower a beloved man, more beloved than he ever was. You are causing Americans to hate you as they hate anything that is foul, ugly, miserable, horrible to behold. You ought to look at the pictures they took of you in Paris. Only Dostoevsky could describe such a character as you are—congenital scoundrel. I once saw such a creature in a play by Gorki. It is said that such a country like Russia has to have such a man as you to lead it.

Our slogan is: "God bless President Eisenhower!"

He will outlast you, for your days are numbered. Count them on your fingers.

George E. Sokolsky

The World Today

WASHINGTON (AP) — Vice President Richard M. Nixon and New York's Gov. Nelson A. Rockefeller each has one strike against him and one major problem.

Nixon's strike: He seems sure of the Republican presidential nomination but there has been a Democratic tide in the past three elections, even though President Eisenhower won overwhelmingly in 1956.

Rockefeller's strike: He wants the nomination but seems stopped cold. The Republican pros back Nixon, as they showed again by rallying around him when Rockefeller attacked him last week.

Nixon's problem: How to keep the conservative Republicans behind him and still attract enough

independents and switch-over voters.

He is denied the nomination, to persuade the Republican convention to adopt a campaign platform with his fairly liberal views and his ideas on the needs of the times.

Three times in a row—in the 1954-56 elections — the voters rejected the Republicans as a party by giving the Democrats control of Congress.

Nixon has described himself as a positive, progressive conservative as contrasted with negative conservatism. This could mean anything and will need some explaining.

His basic appeal, even before his campaign gets under way, seems to be this: Do the voters want a conservative administration for another four years?

Nixon says he will run on the Eisenhower administration record—he couldn't do much else, since he has been part and parcel of it with some ideas of his own.

Rockefeller's criticism of both Nixon and the administration have probably greatly diminished any chance Rockefeller had of being an influence on the Republican pros when they fashion their party platform next month.

They don't like people who upset applecarts and that's what he was doing with his criticism.

FUGITIVES FROM THE FBI

James Daniel Pennington

In co-operation with J. Edgar Hoover, FBI Director, this paper is running descriptive articles on the criminals wanted by the FBI.

JAMES DANIEL PENNINGTON is being sought by the FBI for interstate transportation of stolen property and the use of interstate communications in furtherance of a scheme to defraud.

A shrewd and crafty "con man," according to the FBI, the fugitive reportedly victimizes wealthy women in horse race swindles, working with a partner. He allegedly poses as a better for a large gambling syndicate who allows himself to be persuaded to let the new friends, made via his partner, use his foolproof system on a bet.

Pennington's partner then makes a "horrible" mistake and bets all the victim's money on the wrong horse. He and the partner promise to make good the loss and the victim may receive a telegram later with a small amount of money from the partner, but that is the last they hear of the pair.

A Federal warrant was issued for Pennington on Oct. 5, 1959, at Memphis, Tenn., for conspiracy, interstate transportation of stolen property and use of interstate communications in furtherance of a scheme to defraud. Previously Pennington had been convicted for vagrancy, carrying firearms, confidence game, larceny and grand larceny.

The wanted man, who is also known as A. B. Clark, J. D. Pennington, Dan Pennington, Dan Taylor and "Big Dan," has been automobile assembler, barber, farmer, hotel worker, laborer and miner. He has been convicted for carrying firearms and should be considered armed and dangerous.

DESCRIPTION: Age, 54; Born, Mount Vernon, Mo. (not supported by birth records); Height, 6 feet to 6 feet 1 1/2 inches; Weight, 250 to 270; Build, heavy; Hair, brown, graying; Eyes, brown; Complexion, ruddy. Has mole between eyebrows, mole on right cheek, mole on upper right corner of lip and cleft in chin.

INFORMATION concerning fugitive should be telephoned to the nearest FBI office.

Ohio Auto Insurance To Be Cut

COLUMBUS, Ohio (AP)—Auto insurance rates for collision and comprehensive coverage will be cut 2.35 per cent, the Ohio Insurance Department has announced.

The National Automobile Underwriters Association, whose rate schedules are used by about 75 per cent of the insurance companies operating in Ohio, filed the new schedule.

Included in the revised schedule, which the insurance department said will eventually be adopted by all companies, are reductions for \$50 deductible comprehensive coverage and for both the \$50 and \$100 deductible collision coverage. But increases will apply for full coverage comprehensive, the department said.

Rate revision will be effective after July 1 for new policies and will apply to present policies upon renewal.

The department said it expects the National Bureau of Casualty Underwriters to file revised schedules cutting rates about 2 per cent for liability coverage.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Rain began over Ohio Saturday evening and night and amounts have been locally rather heavy with over an inch in Cincinnati, Toledo, Akron and Youngstown.

Temperatures remained cool under the cloudy skies except near the Ohio River, where Chesapeake reached 84 degrees Sunday and Cincinnati 86.

Rain was still general over the state this morning, and temperatures were from 58 at Youngstown to 65 at Columbus and 69 at Cincinnati.

A low pressure area over Illinois this morning will continue the probability of showers over Ohio through Tuesday, and temperatures will change very little.

OHIO FIVE DAY FORECAST
Temperatures will average near normal. Normal high 80 north to 83 south, normal low 57-61. A little cooler Tuesday, warmer Wednesday or Thursday, cooler Friday or Saturday. Precipitation will total about three-quarters inch in showers and thundershowers tonight and Tuesday and again about Friday or Saturday.

Rash of Good News Flows Through Business World

NEW YORK (AP)—New encouragement flowed into business channels this week.

The rash of good news lifted the outlook for the balance of the year.

The stock market responded with its biggest weekly gain of the year. Such basic issues as steels, motors and chemicals led the march.

Steel industry prospects got a boost when Chairman Roger Blough of U.S. Steel Corp. predicted the operating rate would pick up substantially in August.

Steel production rose this week to 62.3 per cent of capacity from last week's holiday-curtailed output of 60.6.

The automobile industry reported sale of 566,650 new American cars in May, the best for the month since record 1955. The total was about 7 per cent above May 1959.

Business revision will be effective after July 1 for new policies and will apply to present policies upon renewal.

The department said it expects the National Bureau of Casualty Underwriters to file revised schedules cutting rates about 2 per cent for liability coverage.

This brought sales for the year to 2,660,000 cars, up 12.9 per cent from the 1959 period.

Output jumped to an estimated 143,000 cars this week, a gain of 12.5 per cent over a year ago.

Chevrolet Division of General Motors built its millionth car of the year Thursday, the earliest any maker has ever hit that mark.

Easier money became more widespread when eight additional Federal Reserve Banks cut their discount rate from 4 to 3 1/2 per cent.

The banks are in New York, Chicago, Cleveland, Richmond, St. Louis, Minneapolis, Kansas City and Dallas. The Philadelphia and San Francisco banks set off the round of cuts last week. Only Boston and Atlanta remain to follow.

The Senate Appropriations Committee acted to add about one billion dollars to defense spending. This would bring a big lift to aircraft, missile and electronics industries with benefits spilling over into the general economy.

Business spending for new plants and equipment climbed to the highest level in three years. The advance is expected to continue another four months. The government reported the 1960 total is expected to reach \$36,850,000,000, compared with \$32.5 billion last year.

Another stimulating factor was the buying inclination of consumers. Surveys indicated more per-

sons intend to buy new cars, new and old homes and certain major appliances this spring and summer than was the case a year ago.

Sales on the New York Stock Exchange this week amounted to 17,505,710 shares, compared with 14,591,370 the previous week and 15,468,114 a year ago.

Housewives got a break when food prices fell to their lowest level in three months.

Labor peace appeared assured on the railroad front after long uncertainty. Railroads granted 16,000 members of the Order of Railroad Conductors and Brakepersons a 4 per cent wage increase. This was the same as 37,000 members of the Brotherhood of Locomotive Engineers got a little earlier.

A presidential factfinding board proposed an increase of five cents an hour for 600,000 nonoperating rail workers.

But there was labor strife in the aircraft and missile industries.

Briefly around the business scene: The Bell Telephone Co. of Pennsylvania used helicopters to plant 40-foot poles and string wire in rough country. Israel is offering plastic-body station wagons, panel and pickup trucks in the United States. Bethlehem Steel Corp. is expanding the capacity of the nation's largest steel mill at Sparrows Point, Md. Italy lifted restrictions on import of 1,000 items from the United States.

Rash of Good News Flows Through Business World

NEW YORK (AP)—New encouragement flowed into business channels this week.

The rash of good news lifted the outlook for the balance of the year.

The stock market responded with its biggest weekly gain of the year. Such basic issues as steels, motors and chemicals led the march.

Steel industry prospects got a boost when Chairman Roger Blough of U.S. Steel Corp. predicted the operating rate would pick up substantially in August.

Steel production rose this week to 62.3 per cent of capacity from last week's holiday-curtained output of 60.6.

The automobile industry reported sale of 566,650 new American-made cars in May, the best for the month since record 1955. The total was about 7 per cent above May 1959.

This brought sales for the year to 2,660,000 cars, up 12.9 per cent from the 1959 period.

Output jumped to an estimated 143,000 cars this week, a gain of 12.5 per cent over a year ago.

Chevrolet Division of General Motors built its millionth car of the year Thursday, the earliest any maker has ever hit that mark.

Easier money became more widespread when eight additional Federal Reserve Banks cut their discount rate from 4 to 3½ per cent. The banks are in New York, Chicago, Cleveland, Richmond, St. Louis, Minneapolis, Kansas City and Dallas. The Philadelphia and San Francisco banks set off the round of cuts last week. Only Boston and Atlanta remain to follow.

The Senate Appropriations Committee acted to add about one billion dollars to defense spending.

This would bring a big lift to aircraft, missile and electronics industries with benefits spilling over into the general economy.

Business spending for new plants and equipment climbed to the highest level in three years.

The advance is expected to continue another four months. The government reported the 1960 total is expected to reach \$36,850,000,000, compared with \$32½ billion last year.

Another stimulating factor was the buying inclination of consumers. Surveys indicated more per-

sons intend to buy new cars, new and old homes and certain major appliances this spring and summer than was the case a year ago.

Sales on the New York Stock Exchange this week amounted to 17,505,710 shares compared with 14,591,370 the previous week and 15,468,114 a year ago.

Housewives got a break when food prices fell to their lowest level in three months.

Labor peace appeared assured on the railroad front after long uncertainty. Railroads granted 16,000 members of the order of Railroad Conductors and Brakemen a 4 per cent wage increase.

This was the same as 37,000 members of the Brotherhood of Locomotive Engineers got a little earlier.

A presidential fact finding board proposed an increase of five cents an hour for 600,000 nonoperating rail workers.

But there was labor strife in the aircraft and missile industries.

Briefly around the business scene: The Bell Telephone Co. of Pennsylvania used helicopters to plant 40-foot poles and string wire in rough country. Israel is offering plastic-body station wagons, panel and pickup trucks in the United States. . . . Bethlehem Steel Corp. is expanding the capacity of the nation's largest steel mill at Sparrows Point, Md. Italy lifted restrictions on import of 1,000 items from the United States.

A WARNING SIGNAL IN YOUR BLOOD

Your blood contains millions of red corpuscles which bring oxygen to the body cells, and white corpuscles which fight germs and bacteria. When you are healthy, there is a definite ratio between the red and white corpuscles. Your doctor may take a "blood count" to check this ratio, because it often helps him pinpoint an illness.

As you rely on your doctor to safeguard your health, you can rely on us for fast, professional prescription service.

Reports Read At Five Points WCTU Meeting

Five Points WCTU held its meeting Tuesday in the home of Mrs. C. M. Reid with Mrs. Francis Furniss opening the meeting followed by the group singing "Let the Beauty of Jesus Be Seen in Me".

Mrs. Loring Stoer read the scripture from James 2:18 and Proverbs 20:11 followed by meditations and prayer.

Roll call was answered by 11 members. The guests were: Mrs. Clyde Neff, Linda and Sue Long and Sueellen Riddle. One new member, Mrs. Howard Grubl was added.

Program: Anna Bevard, chairman, Evelyn Grace, Marge Evans and Gloria Gabriel.

Record Book: Elizabeth Beatty, chairman.

Reservations: Virginia Nothstein, chairman, Ruth Neff and Patricia Ogle.

Scholarship: Kathleen Bush, chairman, Margaret Evans and Urcie Cross.

Selective Recruitment: Margaret Evans, chairman, Kathleen Bush, Gloria Gabriel, Elizabeth Beatty and Ruth Neff.

Teacher Welfare and Morals: Garner Ridgway, chairman, Urcie Cross and Elizabeth Beatty.

The group then read the 10 and 11 chapters of the clubs study book "Really Living".

The meeting closed with the benediction and refreshments were served by Mrs. Reid assisted by her mother, Mrs. Etta Neff.

The July meeting will be held in the home of Mrs. Carl Duddeson with Mrs. Ned Long assisting hostess.

Farm Discussion Held At Monroe Council 10

The Monroe Township Advisory Council No. 10 held its meeting Wednesday in the home of Mr. and Mrs. Herman Porter.

Francis Furniss, chairman, opened the meeting and heard the roll call and secretary's report by Mrs. William Davis.

The closing song was sung by all and the closing response was given by Mrs. Scott.

Friendship Class Holds Picnic Supper

The Young Friendship Class of the Five Points Methodist Church held a picnic June 5 at the Washington C. H. Park.

A short business meeting was held preceding the picnic supper. Plans were made to purchase a heat-bar for the church piano and also hymnal records for the church record player.

It was announced that the class will serve the lunch August 17 at the stock sale in Circleville.

A thank you note was read by Mrs. Ruth Smith.

Games and contests were played after the meeting.

The July meeting will be held at 8 p. m. July 2 in the home of Mr. and Mrs. Richard Phillips.

Grange To Hold Meet

Washington Grange will meet 8 p. m. Tuesday in Washington Twp. School.

Third and fourth degrees will be exemplified.

Past Matrons OES To Hold Picnic

Past Matrons of OES will hold a picnic at 1 p. m., Thursday in the Ted Lewis Park.

Guild 38 To Meet

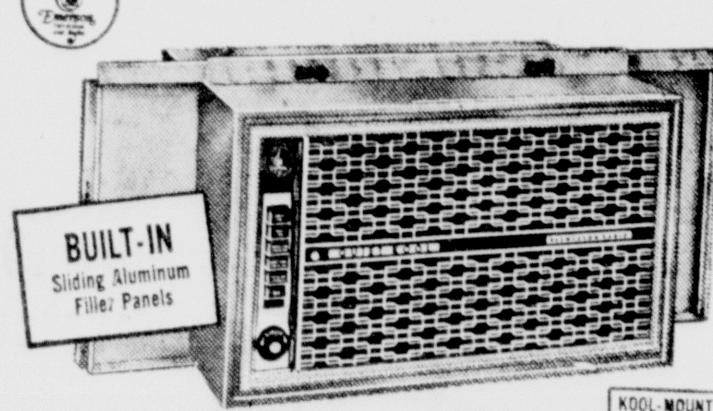

Berger Hospital Guild No. 38 will hold a carry-in-picnic at 6 p. m. Wednesday in the home of Mrs. Robert Wilson, 1060 Sunshine St.

Cream butter with a favorite herb and use this on fish you are broiling. Dust with paprika as the fish finish cooking.

Dear Abby...

By Abigail VanBuren

Bigmouth Needs Silent Trait

DEAR ABBY: What is the matter with me? I can't keep my big mouth shut. I don't mean to spill the beans, but before I know it, I have told something I promised I wouldn't tell. I am always in trouble because of this fault.

I have prayed to the Lord to help me to keep my mouth closed, and I have even told my friends not to tell me any secrets, but it hasn't helped. People just naturally tell me things and I just naturally talk.

Can you tell me how to get over this terrible fault? I really want to.

DEAR BURNED: If it means that much to your husband go, and take a gift. Suggestion: The girl could use a book on etiquette.

DEAR ABBY: I took your advice and asked a girl to the prom. She turned me down. I asked another girl and got turned down again. All boys can't be best looking and best dancers. Boys have hearts, too. If you print this, I'll feel better, and so will other boys who have also been...

DEAR TURNED DOWN:

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamp, self-addressed envelope.

Mrs. Dawson Feted
At Farewell Picnic

A farewell picnic party was held Wednesday in the home of Mr. and Mrs. Paul Dawson by members of the auditors office of Pickaway County. Mrs. Dawson, a former employee of the firm, has now resigned.

Those who attended were: Mr. and Mrs. Leo Hedges, Mrs. Doris Reichelderfer, Clara Bell Hughes, Miss Jacqueline Frazier, Miss Joyce Frazier and Mrs. Maxine Radcliff.

The auditor was unable to attend due to illness.

STOP IN . . .

Vacation On Us!

PERSONALS

Mr. and Mrs. Paul Dawson will meet at 2 p. m. Wednesday in the home of Mrs. Austin Hurley, Ashville.

Mr. and Mrs. Elzie Brooks and son, Robert, Route 3, returned home Saturday from touring through the Virginia's, Williamsburg, Jamestown, Yorktown and Washington D. C. They came home by way of Cumberland, Md.

Ever add sour cream instead of milk to potatoes you are mashing?

DEAR ABBY: My husband's niece was married at a lovely church wedding. We attended the wedding and sent a nice gift as we could afford. That was over a year ago and not one word was ever mentioned about our gift—no written note or even a verbal "thank you". When I saw our gift in her apartment (it was a beautiful \$14 Bible), I told her I was glad to see that she received it. They acted as though it were nothing.

This same niece just bought a new home and sent out an announcement saying, "Come to see our new home" and she added at the bottom, "My kitchen is pink and grey if you want to bring something". Where do people get this kind of nerve? My husband

was glad to see that she received it. They acted as though it were nothing.

Cleveland Gains First Place by Watching Rain

By THE ASSOCIATED PRESS

Cleveland took over first place in the American League Sunday by simply sitting in the clubhouse waiting for it to stop raining.

Baltimore dropped out of the top spot after losing two to Kansas City, 6-1 and 5-3, in 10 innings. This put the Indians half a game up although the opener of their scheduled double-header at New York was called in the first inning when the rains started.

Detroit edged into fourth place by splitting two at Washington, winning 12-5 after losing the first game 8-3. Jim Leon hit three homers for the Senators.

Boston trounced Chicago 4-1, shoving the White Sox into fifth place, and then learned, two hours later, that Mike Higgins was returning for another tour as Red Sox manager.

Bud Daley tamed the Orioles in the opener, allowing five hits and striking out 11 men. Harry Chiti's

U.S. Favored In Wimbledon Tennis Test

LONDON (AP)—The Wightman tennis cup is back in Britain—but the Wimbledon women's crown may be going back to the United States.

The British are backing Darlene Hard of Montebello, Calif., to beat their own Christine Truman at Wimbledon this month.

The chunky American blonde won all her three matches in the Wightman Cup against Britain this weekend.

The British girls won 4-3 and regained the cup. But Darlene, 24, had a hand in all three American victories. She defeated Miss Truman, Britain's No. 1, and Ann Haydon, who previously had never lost a Wightman Cup singles match.

Darlene also partnered with Karen Hantze, 17, the San Diego starlet playing in her first Wightman Cup match, in a fantastic 6-0, 6-0 doubles triumph over Miss Haydon and Angela Mortimer.

The British crowd, wild with excitement at seeing their girls win the cup for only the sixth time in 32 attempts, still loved the good-humored Darlene.

Rochester Blanks Jets

By THE ASSOCIATED PRESS

Toronto racing strong at the head of pace and threatening to turn it into a cakewalk. Buffalo dropping back a couple of lengths. Darkhorse Richmond moving in to third and showing an ability to mix with the leaders.

That's the situation in the International League today.

The league-leading Maple Leafs continued their torrid pace Sunday, sweeping a doubleheader from Miami 5-3 and 2-0 for their 21st and 22nd victories in the last 27 games.

That gave Toronto a 3½-game edge over the runner-up Bisons, who slipped back by losing a twin bill to the Virginians 5-4 and 4-3 in 10 innings.

Richmond took over third place — 1½ games off the pace—when Havana suffered 2-0 and 5-3 setbacks in a doubleheader with Montreal. Rochester blanked Columbus 5-0 in a single game.

Dick Dillard's two-run single in the ninth inning capped a three-run rally as the Leafs took the opener behind Al Cicotte (5-2). Pat Scanlebury (2-1) limited the Marlin to two hits in the nightcap.

Bob Gibson (2-2) pitched his second straight shutout and enabled the Red Wings to move back into fifth place ahead of the Jets.

Local Resident, Catfish, Dance

James H. Fosnaugh, 558 E. Mound St., yesterday invented a new dance while boating at Lake White, according to local observers.

Fosnaugh was digging a hole in the lake to anchor a pole for tying up his boat. A miniature catfish crawled up his leg and Fosnaugh's dance began.

Blue Ribbon Downs Rotary For 1st Win

Blue Ribbon Dairy won its first contest in the Circleville Little League minors Saturday by downing Rotary, 19-12, in an abbreviated contest.

Rotary took an early 2-0 lead behind Lynn Heath and Bruce Tigner's singles. After scoring one in the second for a 3-0 advantage, Rotary saw its lead vanish as Blue Ribbon rallied for three runs on singles by Hines, Rick Bartz, Gary Hempker and James Morehead, in between two errors.

Going into the fifth, Rotary trailed Blue Ribbon, 9-4. It exploded for eight runs to take a 12-9 margin. Blue Ribbon iced the contest in the fifth with 10 runs for the victory. The game was called at the end of five.

Pete Runnels collected two hits for Boston, including a two-run single, and booted his average to .385. Frank Sullivan went all the way, scattering seven hits to beat Chicago's Bob Shaw.

In the first game at Washington, Lemon drove in four runs with his 14th homer and a single as the Senators whipped the Tigers behind Camilo Pascual and Don Lee. Despite his 15th and 16th homers in the second, the Tigers rapped Washington pitching for 12 hits. Rocky Colavito hit a pair of homers in the second game. The two clubs combined for 11 homers during the double-header.

Willie McCovey had been riding the bench and was hitting only .244 when he came to the plate Sunday with the bases loaded and San Francisco clinging to a shaky 7-6 lead over Milwaukee.

Rising to the occasion, he slammed a Carl Willey fast ball out of the park for the first grand slammer of his brief major league career.

The Giants went on to win 16-7. The victory moved them within half a game of the first-place Pittsburgh Pirates, who divided two at St. Louis. The Pirates bombed the Cards for 23 hits in a 15-3 first game romp but then lost the second 5-2, despite 10 more hits.

Stan Williams won his fifth for Los Angeles with a four-hitter against Cincinnati 3-1. Always known as a wild man, Williams walked but one and struck out eight.

Richie Ashburn's 10th inning single enabled the Chicago Cubs to shade the last-place Philadelphia Phillies 8-7.

The Giants' game was a wild affair with 31 hits. They set a new National League record and tied the major league mark by playing a nine-inning game in hours 52 minutes. Bob Schmidt had a perfect day for the Giants with two doubles, a single and a walk and Willie Mays had two doubles and a single among the 18 Giant hits.

Chuck Dresen, Milwaukee manager, started George Brunet, a left-hander brought up Saturday from Louisville. He lasted 3 2-3 innings before the parade started.

Ron Piche, the second of five Brave pitchers, was the loser. Bill Lyles, second of five to work for the Giants, won it.

Dick Stuart had five hits, including two homers, and Dick Goat and Smoky Burgess had four each among the 23 collected by the Pirates in the first game at St. Louis. Vern Law won his ninth in a breeze. Ernie Broglio with ninth-inning help from Lindy McDaniel, hung the second game defeat on Vinegar Bend Mizell, an old teammate.

Don Demeter's home run off Jay Hook eased the way for Williams at Los Angeles. The only Cincy score was Eddie Kasko's homer in the seventh.

Tony Taylor's throwing error set up the winning run for the Cubs in the 10th inning against the Phils. Ashburn's single drove it home. Mark Freeman was the winner on relief and Humberto Robinson dropped his fifth straight, also on relief.

two-run double and three hits by Russ Snyder paced the A's attack on Chuck Estrada and Gordon Jones.

Snyder's 385-foot triple off Hoyt Wilhelm touched off the winning sport in the 10th inning of the second game. Whitey Herzog's single and Norm Siebern's double drove in the two runs, enough for relief pitcher Johnny Kucks' first victory.

Pete Runnels collected two hits for Boston, including a two-run single, and booted his average to .385. Frank Sullivan went all the way, scattering seven hits to beat Chicago's Bob Shaw.

In the first game at Washington, Lemon drove in four runs with his 14th homer and a single as the Senators whipped the Tigers behind Camilo Pascual and Don Lee. Despite his 15th and 16th homers in the second, the Tigers rapped Washington pitching for 12 hits. Rocky Colavito hit a pair of homers in the second game. The two clubs combined for 11 homers during the double-header.

Willie McCovey had been riding the bench and was hitting only .244 when he came to the plate Sunday with the bases loaded and San Francisco clinging to a shaky 7-6 lead over Milwaukee.

Rising to the occasion, he slammed a Carl Willey fast ball out of the park for the first grand slammer of his brief major league career.

The Giants went on to win 16-7. The victory moved them within half a game of the first-place Pittsburgh Pirates, who divided two at St. Louis. The Pirates bombed the Cards for 23 hits in a 15-3 first game romp but then lost the second 5-2, despite 10 more hits.

Cleveland Gains First Place by Watching Rain

By THE ASSOCIATED PRESS

Cleveland took over first place in the American League Sunday by simply sitting in the clubhouse waiting for it to stop raining.

Baltimore dropped out of the top spot after losing two to Kansas City, 6-1 and 5-3 in 10 innings. This put the Indians half a game up although the opener of their scheduled double-header at New York was called in the first inning when the rains started.

Detroit edged into fourth place by splitting two at Washington, winning 12-5 after losing the first game 8-3. Jim Leon hit three homers for the Senators.

Boston trounced Chicago 4-1, shoving the White Sox into fifth place, and then learned, two hours later, that Mike Higgins was returning for another tour as Red Sox manager.

Bud Daley tamed the Orioles in the opener, allowing five hits and striking out 11 men. Harry Chit's

U.S. Favored In Wimbledon Tennis Test

LONDON (AP)—The Wightman tennis cup is back in Britain—but the Wimbledon women's crown may be going back to the United States.

The British are backing Darlene Hard of Montebello, Calif., to beat their own Christine Truman at Wimbledon late this month.

The chunky American blonde won all her three matches in the Wightman Cup against Britain this weekend.

The British girls won 4-3 and regained the cup. But Darlene, 24, had a hand in all three American victories. She defeated Miss Truman, Britain's No. 1, and Ann Haydon, who previously had never lost a Wightman Cup singles match.

Darlene also partnered with Karen Hantze, 17, the San Diego starlet playing in her first Wightman Cup match, in a fantastic 6-0, 6-0 doubles triumph over Miss Haydon and Angela Mortimer.

The British crowd, wild with excitement at seeing their girls win the cup for only the sixth time in 32 attempts, still loved the good-humored Darlene.

Rochester Blanks Jets

By THE ASSOCIATED PRESS

Toronto racing strong at the head of pack and threatening to turn it into a cakewalk. Buffalo dropping back a couple of lengths. Darkhorse Richmond moving into third and showing an ability to mix with the leaders.

That's the situation in the International League today.

The league-leading Maple Leafs continued their torrid pace Sunday, sweeping a doubleheader from Miami 5-3 and 2-0 for their 21st and 22nd victories in the last 27 games.

That gave Toronto a 3 1/2-game edge over the runner-up Bisons, who slipped back by losing a twin bill to the Virginians 5-4 and 4-3 in 10 innings.

Richmond took over third place—10 1/2 games off the pace—when Havana suffered 2-0 and 5-3 setbacks in a doubleheader with Montreal. Rochester blanked Columbus 5-0 in a single game.

Don Dillard's two-run single in the ninth inning capped a three-run rally as the Leafs took the opener behind Al Cico (5-2). Pat Scantlebury (2-1) limited the Marlines to two hits in the nightcap.

Bob Gibson (2-2) pitched his second straight shutout and enabled the Red Wings to move back into fifth place ahead of the Jets.

Local Resident, Catfish, Dance

James H. Fosbaugh, 558 E. Mound St., yesterday invented a new dance while boating at Lake White, according to local observers.

Fosbaugh was digging a hole in the lake to anchor a pole for tying up his boat. A miniature catfish crawled up his leg and Fosbaugh's dance began.

Blue Ribbon Downs Rotary For 1st Win

Blue Ribbon Dairy won its first contest in the Circleville Little League minors Saturday by downing Rotary, 19-12, in an abbreviated contest.

Rotary took an early 2-0 lead behind Lynn Heath and Bruce Tigner's singles. After scoring one in the second for a 3-0 advantage, Rotary saw its lead vanish as Blue Ribbon rallied for three runs on singles by Hines, Rick Bartz, Gary Hempker and James Morehead, in between two errors.

Going into the fifth, Rotary trailed Blue Ribbon, 9-4. It exploded for eight runs to take a 12-9 margin. Blue Ribbon iced the contest in the fifth with 10 runs for the victory. The game was called at the end of five.

The winning hurler was Justice, while Don Hoffman absorbed the defeat. Justice went the route, fanning two and walking three. Hoffman and Steve McGinnis hurled for Rotary, issuing six free passes and whiffing seven.

ROTARY committed seven errors to Blue Ribbon's five. The Dairymen now are 1-1 on the season, while Rotary has no wins and two defeats.

Four games are on tap today. At 5:15 p.m., Lincoln Plastic (1-1) meets First National Bank (0-2) on the Southend Playground diamond; Ward's Market (1-1) battles Circleville Oil (2-0) on the Little League diamond, and General Electric (1-1) faces Chamber of Commerce (1-1) on the softball diamond.

Rising to the occasion, he slammed a Carl Willey fast ball out of the park for the first grand slammer of his brief major league career.

Action at 7:30 p.m. pits The Herald (0-2) against Ralston Purina (1-1) on the softball diamond under lights.

Three games will be played tomorrow. Coca Cola (1-1) meets Elks (2-0) at the Southend Playground; Savings Bank (1-1) on the third National (1-1) on the Little League diamond, and Jaycees (2-0) at Rotary (0-2) on the softball diamond. All three games start at 5:15 p.m.

JIM DANDY—Pitching of Jim Coates, a second-year flinger for the Yankees, continues to keep the Yankees in the pennant fight as the tall right-hander records six straight wins this year and 10 in a row without defeat. Coates, who is 27, has been in baseball since 1952 and has a 6-1 mark with the Yanks in '59.

Harness Racing's Watchword Is Speed — and More Coming

By THE ASSOCIATED PRESS

Speed was the keynote at the harness racing tracks Saturday and there figures to be more of it this week with Countess Adios heading the field in the \$65,000 Cain Pace at Yonkers Raceway.

Adios Butler, 1959 three-year-old champion pacer, turned in the fastest time as he stepped a mile in 1:59 4-5 over a soft Scioto Downs track in winning his second leg of the Harness Tracks of America Pacing Series.

The time over the Columbus, Ohio, half-mile track was only two-fifths of a second lower than the world record for 3-year-olds hung up by Adios Butler in the Little Brown Jug at Delaware, Ohio, last year.

Tar Boy reeled off a mile in 2:00 4-5 in taking the \$12,000 pace at Yonkers Raceway. That was the fastest pacing time of the year for a half-mile oval and Adios Butler beat two minutes about an hour later.

Gold Rice traveled even faster in the \$2,500 invitational pace at

Vernon Downs when he was caught in 1:59 3-5. But it was on a three-quarter mile track.

Other fast clockings were turned in by Harry's Dream at Saratoga Raceway, Elton Hanover at Buffalo Raceway and Knight Time at Baltimore Raceway. Harry's Dream packed a mile in 2:02 2-5, fastest of the meeting. Elton Hanover trotted a mile in 2:04 for the fastest trot of the Buffalo session and Knight Time stepped a mile in 2:03 1-5 in taking the \$14,380 Lord Baltimore Pace.

Harry's Dream, driven by Wendl Kirk and owned by McKinley Kirk and Harry Vallery, won a division of the \$7,500 Cobleskill Pace.

Countess Adios, owned by Hugh Grant of Bradford, Pa., and the Armstrong brothers, J. E. and C. E. of Brampton, Ontario, goes after the second leg of pacing's triple crown in the Cane Thursday. She won the Messenger at Roosevelt Raceway last month with a 2:02 1-5 clocking. The Little Brown Jug is the third leg. It will be raced at Delaware, Ohio, in September.

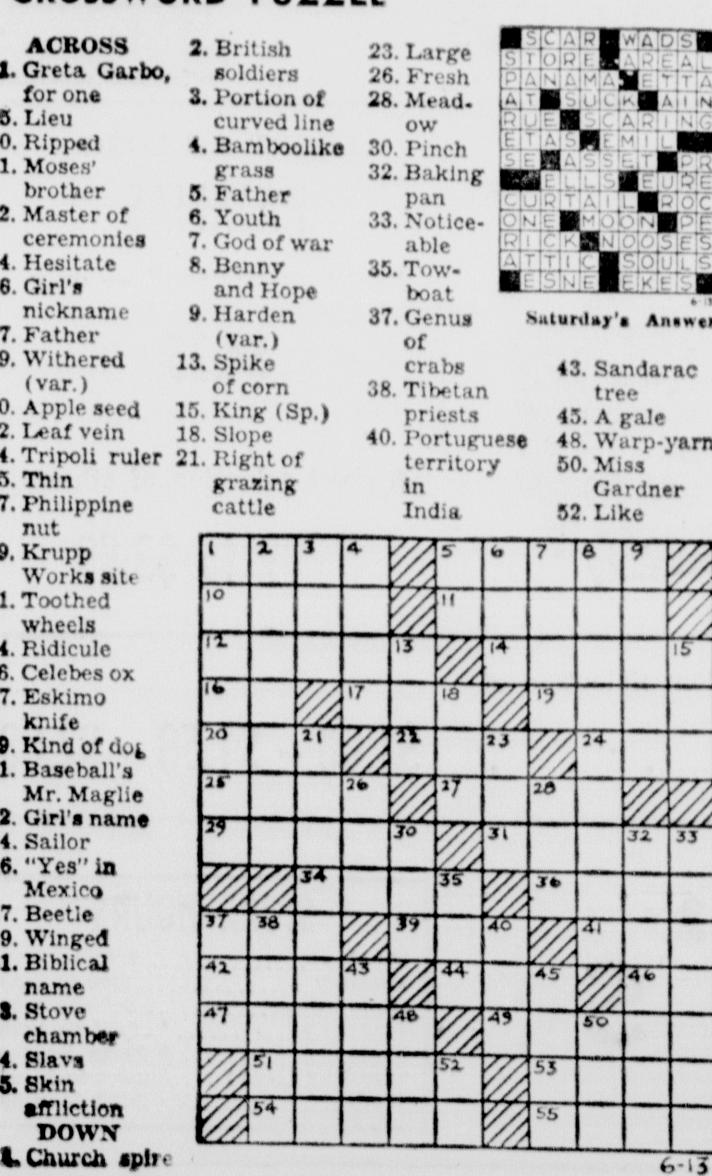

The Countess could have started in Tuesday's \$26,000 Bronx Pace, which is for 3-year-old fillies exclusively, but her owners consider her good enough to match strides with the colts.

Culver Pick, who took one division of the HTA pace at Hazel Park and finished out of the money in the Scioto Downs leg won by Adios Butler, is the early favorite to take the \$4,000 feature at Scioto Saturday night. Mr. Budlong, who won the initial leg of the HTA pace at Rosecroft, also is in the field.

Louisiana Student Is 'Mr. America'

CLEVELAND, Ohio (AP) — A red-haired senior at Southwestern Louisiana Institute who packs a feature at Scioto Saturday night, Mr. Budlong, who won the initial leg of the HTA pace at Rosecroft, also is in the field.

jap Beetle Season Here

Ag Department To Set Traps

John W. Baringer, Chief of the Division of Plant Industry, announced today that the Ohio Department of Agriculture, cooperating with local officials and the U.S. Department of Agriculture, Plant Pest Control Division, will place a number of metal insect traps in Circleville during the next few days to obtain information on the occurrence and status of the Japanese beetle to aid in determining what control measures might be advisable.

Most of the traps will be placed in residential sections. Baringer asks residents to cooperate by allowing the traps to be placed on their properties for a period of about six weeks.

Traps function best when placed in sunny locations at least 15 feet away from host plants. Residents are asked not to move the traps without first consulting the inspector.

The inspectors carry credentials which will be produced on request. Local police have been notified about the work.

The Japanese beetle is an introduced plant pest. In the vicinity of New Jersey it appears as an adult beetle about the middle of June and is most abundant and active during July and August. Farther south it may appear earlier.

The adult beetle is about $\frac{1}{2}$ inch long, colored green and brown with rows of white spots down each side of the body.

It is a voracious feeder, causing great damage to blossoms, fruit and foliage of many plants, including apple, peach, cherry, grape, corn, soy beans, elm, linden, rose, and hollyhock.

SOON after emergence female beetles begin depositing eggs in the soil. After the eggs hatch, the grubs feed on roots of grasses and other vegetation, causing considerable damage to turf in lawns and golf greens. The beetles overwinter as grubs in the ground.

Trap inspectors do not have information about other plant pests. Request for such information should be made to George Hamrick, county extension agent, 159½ E. Main St. or phone GR 4-5828 in Circleville.

The aromatic oil in the trap gives off an odor which attracts Japanese beetles that may be in the vicinity. Children should not be

NEW YORK (AP) — The Ed Sullivan show was 12 years old Sunday night. It would be interesting to take another look at that first program again. In fact, it might have been more interesting than what we did see.

I remember the program used to be called "Tee Toast of the Town," that it started off with dancing girls and that there used to be acrobats, jugglers and animal acts.

Sunday night's CBS show was not quite typical of today's Sullivan hour—no drill teams, military chorals groups or imitations of our host. There were, however, his pet comics, Wayne and Shuster, doing a heavy-handed burlesque

of "What's My Line?"

There was Victor Borge in one of his vintage comedy bits. And, of course, there was a prize fighter taking a bow from the stage and a golf champion taking one from the audience.

"Summer Hero" proved a mildly suspenseful drama on NBC's Sunday night live mystery hour.

It was the tale of an aging matinee idol who believed he was being blackmailed by a teen-ager—a situation which writer Charlotte Armstrong resolved without homicide.

As usual in this series, it was well acted and directed. Patty McCormack did very nicely playing a healthy teen-ager after all these years in angelic-looking monster roles. Zachary Scott invested his role of a frightened and desperate star with fine actorish flourishes. The play, however, lacked something, or maybe I'm just conditioned to corpses in mysteries.

Recommended tonight: "The Margaret Bourke White Story," NBC, 10-11 EDT—repeat of a well-told account of the famous photojournalist's fight against Parkinson's disease, with Teresa Wright and Eli Wallach.

SOFT DRINK MACHINE Blamed for Illnesses

HAMILTON, Ohio (AP)—Butler County health officials have asked state laboratories to analyze samples taken from a soft drink machine at a Fairfield drive-in theater where patrons became ill early Saturday. Dr. Alexander Witkow, county health chief, said Sunday 11 patrons were admitted to Hamilton hospitals and nine others were dismissed after treatment.

St. Louis is the largest raw fur market in the world.

40-Year Hunt for Brother Ends in North Carolina Jail

CHARLOTTE, N.C. (AP) — An Alabama man's 40-year search for his brother has ended in the Mecklenburg County jail.

Big, muscular Ervin (Bee) Whitaker, 60, stood outside the bars of a cell and called to the small, battered man inside: "Howard?"

"Is that you, Bee?" the little man replied.

"It's me," said Bee Whitaker. "We're going home, boy. You want to go home?"

This was the reunion for which Ervin Whitaker had spent two-thirds of his life.

On a spring morning 40 years ago Howard Whitaker climbed astride a mule to take a bag of grain to a mill. The mule came home; Howard didn't.

He and another brother, Jesse, left their farm near Huntsville, Ala., in 1936 and headed in different directions to find Howard.

"The closest we ever got," said Bee, "was in Washington D.C., when Jesse traced him to a hotel. Howard had checked out a few hours earlier."

Jesse later joined the Army.

Bee kept looking while supporting a wife and seven children.

He came to Charlotte from Baltimore earlier this week. Following his usual routine, he checked at a police station, found an arrest record but no address. At a pool room, he was told that Howard Whitaker, 57, was always seen

out. He had served a long hitch in the Navy in the 1920s.

Always, however, wanderlust was foremost. He never went

home, he said, because "they had each other and there was just me and I didn't have anything to take back."

"Brother Jesse, he's coming tonight with the money to get you out," Bee said.

And Howard replied, "I'm going home."

Bicycle Stolen

Mrs. Eugene Davis, 932½ S. Clinton St., reported to the Circleville Police Department Sunday that a girl's bicycle was taken from the rear of her home.

A dabchick is a four-toed diving bird without tail feathers which is found both in Europe and North America.

THAT'S MY WIFE! — Named "Mrs. America of 1960" in a borrowed dress, Mrs. Rosemary Murphy of Kentland, Ind., a tall, hazel-eyed mother of five, gets a congratulatory kiss from her husband, George, in Fort Lauderdale, Fla. She won over 50 contestants. The new "Mrs. America" is 31.
